

§ 101.1201

competitive advantage because significant legal constraints restrict the applicant's ability to access such gross revenues.

[62 FR 48795, Sept. 17, 1997]

Subpart N—Competitive Bidding Procedures for the 38.6–40.0 GHz Band

SOURCE: 63 FR 6106, Feb. 6, 1998, unless otherwise noted.

§ 101.1201 38.6–40.0 GHz subject to competitive bidding.

Mutually exclusive 38.6–40.0 GHz initial applications are subject to competitive bidding. The general competitive bidding procedures found in 47 CFR Part 1, Subpart Q will apply unless otherwise provided in this part.

§ 101.1202 Competitive bidding design for 38.6–40.0 GHz licensing.

The following competitive bidding procedures generally will be used in 38.6–40.0 GHz auctions. Additional, specific procedures may be set forth by public notice. The Commission also may design and test alternative procedures. See 47 CFR §§ 1.2103 and 1.2104. The Commission will employ simultaneous multiple round bidding when choosing from among mutually exclusive initial applications to provide 38.6–40.0 GHz service, unless otherwise specified by the Wireless Telecommunications Bureau before the auction.

§ 101.1203 Competitive bidding mechanisms.

(a) *Sequencing.* The Commission will establish and may vary the sequence in which 38.6–40.0 GHz licenses will be auctioned.

(b) *Grouping.* The Commission will conduct a series of sequential auctions of three channels at a time within each BTA unless the Wireless Telecommunications Bureau announces, by Public Notice prior to the auction, an alternative auction scheme.

(c) *Minimum bid increments.* The Commission will, by announcement before or during an auction, require minimum bid increments in dollar or percentage terms.

47 CFR Ch. I (10–1–00 Edition)

(d) *Stopping rules.* The Commission will establish stopping rules before or during multiple round auctions in order to terminate an auction within a reasonable time.

(e) *Activity rules.* The Commission will establish activity rules which require a minimum amount of bidding activity. In the event that the Commission establishes an activity rule in connection with a simultaneous multiple round auction, each bidder will be entitled to request and will be automatically granted a certain number of waivers of such rule during the auction.

§ 101.1204 Bidding application procedures.

All applicants to participate in competitive bidding for 38.6–40.0 GHz licenses must submit applications on FCC Forms 175 pursuant to the provisions of § 1.2105 of this Chapter. The Wireless Telecommunications Bureau will issue a public notice announcing the availability of 38.6–40.0 GHz licenses and, in the event that mutually exclusive applications are filed, the date of the auction for those licenses. This public notice also will specify the date on or before which applicants intending to participate in a 38.6–40.0 auction must file their applications in order to be eligible for that auction, and it will contain information necessary for completion of the application as well as other important information such as the materials which must accompany the forms, any filing fee that must accompany the application or any upfront payment that need to be submitted, and the location where the application must be filed. In addition, each applicant must identify its status as a small business or rural telephone company.

§ 101.1205 Submission of upfront payments and down payments.

(a) Each bidder in the 38.6–40.0 GHz auction will be required to submit an upfront payment. This upfront payment will be based upon a formula established by the Wireless Telecommunications Bureau and announced by public notice prior to the auction.

(b) Each winning bidder in the 38.6–40.0 GHz auction shall make a down
